

Rotary Club of Macau

PRESIDENT RC MACAU
2010 TO 2011
TEREN CHEONG

Its been a busy year for the Rotary Club of Macau

One of the great privileges of being President of the Rotary Club of Macau is to participate and meet many of the people who have worked for and participated in the many projects our Club has been working on over the years. One of our great successes has been the school rebuilding program in Duan County Guanxi. A project which has been ongoing for over 11 years in the minority tribes in China. For many children their whole school education

up until now has been through one or more of the Rotary Schools set up in that region. Long term support and our regular visit to the sponsored schools is a big morale boost for both the children and our members.

We are please that we have also been able to participate with our youthful Rotaract clubs of which we have two. Rotaract Club of Macau and the University of Macau Student Union

Rotaract Club. Their enthusiasm and skill bring smiles and enjoyment to all the kids each year we visit.

We are also happy to announce that this year our Dental project is also now in operation with our new portable equipment and with the help of Rotarians skilled in Dentistry. We can now bring help for those who have had the benefit of such medical treatment before. Both in Macau, for the elderly

MEETING AND HELPING OUR FRIENDS IN CHINA, AN INTERNATIONAL OPPORTUNITY

Meeting new challenges

We had a wonderful opportunity to assist the arts this year, with a sponsorship of support for two Macau based Chinese speakers to work with their Australian counterparts on poetry translation.

Professor Kit joined a regular meeting to present the result of their work and to discuss their ongoing plans for next year.

We are also very pleased to be a magnet for visiting Rotarians, they can be assured of a warm reception at our Club.

Annual Ball

Our big fund raiser each year is the Annual Ball. We are grateful for the support of our sponsors without whom it would not be possible to carry out the many Club Activities both in Macau and abroad.

Our Ball in 2010 was Shanghai Shanghai, here you see our own Macau Elvis who after serenading us with his songs from the King, received an award from incoming President Teren.

Christmas Party for the Children

For eleven years now we have held a Christmas party for Mentally Disadvantaged Children and the their family. Thanks to the support of the Venetian Hotel Resort Macau, we have been able to have more join us this year than ever before. This surely will continue to be a favorite event for our Rotarians for many years to come.

5. DISTRICT GOVERNOR ELECT DAVID HARILELA

As Rotarians we support activities at Club level and also many International activities. This year we were delighted to have join us a visiting Group Study Exchange team from Maine USA.

Their specialty is medical and it was rather fitting they could be with us during Blood Donation Day in Macau. A project we have been committed to for over 10 years.

Friends and children alike are all welcome at our Annual Spring dinner. Family days like these provide an opportunity to share our experience of Rotary with others and to introduce prospective members and supporters to the Club.

We all need some mentoring from time to time and we are proud that our own Incoming District Governor David Harillela is able to make it to Macau and let us know of his plans for the next year.

Working with other Clubs brings us more opportunities to serve the community. The dental project has enabled us to combine skills from other clubs in Macau and abroad to bring aid to those who need it most.
